

MEETING THE NEEDS OF NEPHROLOGY

Did You Know?

In the US, treatment of chronic kidney disease is likely to exceed \$48 billion per year.

Helping Physicians Provide Complete Care

CuraScript SD Offers Products and Solutions for Any Practice

01 | Supporting Nephrology

Nephrology has become a larger focus in medical practices over the years as non-communicable diseases such as kidney disease, have replaced communicable disease as the most common cause of premature death worldwide. With such importance on early and effective treatment for nephrology patients, CuraScript SD works closely with physicians to provide suitable options for products and services.

CuraScript SD Account Managers provide expedited resolutions while understanding physician time and commitment is to your patients. We offer an extensive product catalog that ensures access to the therapies essential to patient care.

02 | Dedicated Account Managers

Our dedicated Account Managers are invested in your success and to the health of your patients, and work closely with each practice to recognize its unique needs and ensure you are maximizing your savings potential.

Our Total Account Management approach to serving our Nephrology practices provides new avenues for growth. From revenue cycle management, contract eligibility, to inventory controls, CuraScript SD offers solutions that best fit your practice.
