

PROVIDING ONCOLOGY SOLUTIONS

Did You Know?

Approximately 38.4% of men and women will be diagnosed with some form of cancer in their lifetime.

Personalized Service

CuraScript SD Carries Over 380 Cancer Related Products and Will Continue To Grow and Expand Our Available Products.

01 | Recognizing Oncology Needs

New reimbursement realities have noticeably changed the landscape for community Oncologists. As a result, practice efficiency has become increasingly important and CuraScript SD understands this. We know the success of your practice depends upon eliminating waste and reducing your operating costs.

Our Total Account Management approach to serving our Oncology physicians ensures maximum savings. From revenue cycle management to inventory controls, CuraScript SD offers alternatives to minimize inventory and maximize cash flow.

02 | Competitive Advantage

The Oncology practice of today requires attention to detail while maintaining patient confidence. Patient care is of the utmost importance and physicians need reliable and accurate support for their practice. CuraScript SD has a specialized oncology team that reviews market needs and can educate physicians on new products that are beneficial to their practice.

02 | Nationwide Service & Distribution

Oncology products are often time-sensitive deliveries and it is important that these products arrive on time and in exceptional condition. All packages are properly prepped and shipped through CuraScript SD's extensive pick-pack-and-ship process. We have the capability to ship many products next-day and expedited. With access to tracking information and detailed order records customers are able to monitor the status of their orders.

03 | Dedicated Account Managers

As a CuraScript SD customer, your dedicated Oncology Account Manager will work closely with you to recognize trends and select the portfolio of services and products that best meet the unique needs of your practice. Building strong relationships with our customers is important and our team is available to support the oncology community.
