

MEETING ORTHOPEDIC EXPECTATIONS

Did You Know?

In 2017 over seven million Americans required hospitalization for orthopedic conditions

Structured for Specialty

CuraScript SD Has a Diverse Product Catalog to Support and Provide Various Products to Fit Physician Needs.

01 | Growing Orthopedics

New advancements in medications and technology have noticeably changed the way Orthopedic practices serve the community. As a result, practice efficiency has become increasingly important and CuraScript SD understands this. We know the success of your practice depends upon eliminating waste and reducing your operating costs.

Our Total Account Management approach to serving our Orthopedic physicians ensures maximum savings. From revenue cycle management to inventory controls, CuraScript SD offers alternatives to minimize inventory and maximize cash flow.

02 | Precision Ordering

Orthopedic medicine is diverse and has many different specialties within this focus. CuraScript SD works to simplify the needs of community orthopedic practices. With several options to organize and align frequently ordered products, buying preferred products has never been easier.

03 | Nationwide Service & Distribution

It is important that products arrive on time and in exceptional condition. All packages are properly prepped and shipped through CuraScript SD's extensive pick-pack-and ship process. We have the capability to ship many products next-day and expedited. With access to tracking information and detailed order details customers are able to monitor the status of their orders.

04 | Dedicated Account Managers

As a CuraScript SD customer, your dedicated Orthopedic Account Manager will work closely with you to recognize trends and select the portfolio of services and products that best meet the unique needs of your practice. Building strong relationships with our customers is important and our team is available to support the Orthopedic community.
