

ELEVATED FOCUS ON PEDIATRICS

Did You Know?

Pediatric health spending is projected to grow at an average rate of 5.8 percent per year through 2024

Adding Value to the Critical Care Provided to Infants and Children

CuraScript SD Offers Many Products, Including Rare Disease & Orphan Medications

01 | Supporting Pediatrics

Pediatrics has been a growing focus for physicians since the 1800s and there has been a vast outreach to even more specialized pediatric care in the last 50 years. Pediatricians are the front line of early detection of illness, disease, disorders and potential life-long impairments.

CuraScript SD Account Managers can support the initiatives and offices of pediatric practices. We provide access to medications that can be used across all forms of pediatric care; including exclusive rare disease medications. Our broad product offering can help physicians be efficient and effective in the expedited care needed in pediatrics.

02 | Dedicated Account Management

Our dedicated Account Managers have understanding of the needs of your office and will work diligently to provide the best options. We will work with any practice closely to discover and implement solutions viable to you.

Our Total Account Management approach to serving our pediatric practices provides new avenues for growth. From revenue cycle management, contract eligibility, to inventory controls, CuraScript SD offers solutions tailored to physicians for practice success.

03 | Dependable Support

CuraScript SD provides integrated delivery solutions to safely and consistently distribute pharmaceuticals and medical supplies for office or clinic administration. In addition to an extensive inventory, our services include:

- Rebate and Contract Management Services
- Competitive Pricing on Pharmaceuticals and Supplies
- Simplified Billing
